## THE METAMORPHOSIS GROUP, INC. SELECTED TO PROVIDE VETERANS AFFAIRS IT SOLUTIONS

VIENNA, VA, September 7, 2011 – The Metamorphosis Group, Inc. (TMG) today announced that it has been awarded a subcontract as part of ASM Research's Veterans Affairs Transformation 21 Total Technology (T4) winning team.

This \$12B IDIQ contract includes services for technical, systems engineering and other solutions encompassing the entire range of IT requirements. Services, as well as related IT products, may encompass the entire life-cycle of a system, including but not limited to program management and strategy planning, systems/software engineering, enterprise network, cyber security, operation and maintenance and IT facilities. Moreover, services and related products covered under this contract shall be global in reach and awardees may be required to provide services and deliverables worldwide. Contractor-provided solutions may support the Department of Veterans Affairs (VA) and its joint initiatives, other Federal Agencies, and if so authorized by specific Legislation (e.g. Public Law 108-136 Section 803), tasks for State and local Governments involving information technology and telecommunications that are federally funded.

TMG President, Tina Dante, stated, "We are honored to be a part of the ASM Research team - a firm that has built a solid reputation for integrity in government contracting for more than 30 years, and whose values and principles mirror ours - to support the VA on such an important contract."
